

# YES! Energy Action Project Report

Redwood Valley

# We are the Redwood Valley YES! Team

- Our team advisors are Jeremy Daberkow & Matt Tiffany
- 8 students were members of our YES! Team throughout the year

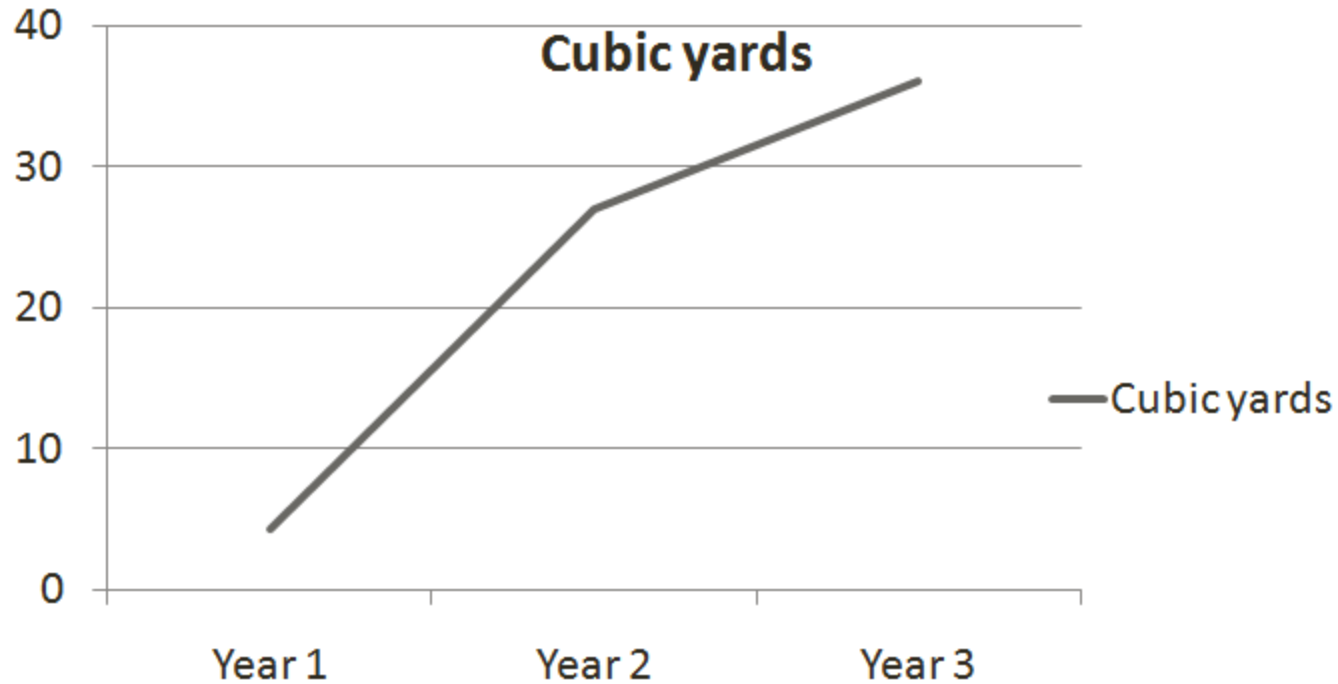

# Summary of Composting

We collect the school food waste and have holding tubs behind school. Compost is then brought out to a pile. Temperature is monitored and carbon material added.

# Composting Accomplishments

*Each Year we have more students composting.*

# Summary of Vending Miser

*Installing a Vending Miser in our teachers lounge. This will help the machine not to run constantly.*

# THE END

## YES! Energy Action Project Report
